USACE Support Global War on Terrorism

-- A Perspective from Iraq

US Army Corps of Engineers®

Gulf Region North

presented by Dr. Trajn Boughan - GRN's Liaison to Project & Contracting Office.

Reconstruction Operations Center

15 April 2005

The Gulf Region Division provides quality, responsive engineering services to MNF-I and PCO with **construction management support for civil infrastructure construction** and **planning, design, and construction management for military construction**.

Reconstruction Strategy

US Army Corps of Engineers®

- Large Scale Capital Projects → Economic Infrastructure
  20% of the Program – 90% Program Cost
- Small Scale/Less Expensive Projects → Demonstrate Visible Results; Assist with Employment
  80% of the Program – 10% Program Cost
- Capacity Building

Bayji New Generation Mobile Turbines
